been shot and killed in a saloon near  
Seattle.

THE RIFLE.

On Saturday last the second match in  
the Military and Territorial Rifle Leagues  
came off on the range south of the town.  
The day was not unfavorable for good  
scores, as may be seen by the subjoined  
table, the first six men making an aver-  
age of eighty points. Unfortunately,  
two of our usually best shots were "not  
in it" this time, coming out first and  
second at the wrong end of the count.  
However, such is the fortune of target  
shooting, and we know that both can  
and will redeem themselves on the next  
match day.

The following are the scores made:—

Toronto, June 11.—The Canadian  
Cricket Association have approved dates,  
Sept. 16th and 17th, proposed by the  
Philadelphia Association for this year's  
international match in Philadelphia.

Toronto, June 11.—The proposal to  
hold a big celebration in Toronto on  
Confederation Day has fallen through,  
owing to the council being prevented  
by law from appropriating more than  
\$2,000 for such purposes.

WASHINGTON, June 11.—Hundreds of  
congratulatory telegrams from all parts  
of the country poured in on President  
Harrison last evening, when it became  
known that he and Whitlaw Reid were  
the choice of the R-publican convention,  
for president and vice president respec-  
tively.

Toronto, June 11.—Though too much  
rain has fallen in some parts of the pro-  
vince, and the fields in several low lying  
sections have been covered with water,  
as a general thing fields of grain are in  
splendid condition, and spring wheat is  
coming up well. The average of fall  
wheat will probably show a small in-  
crease.

Ex-Premier Mercer's liabilities are  
said to amount to \$65,000, and paper en-  
dorsed by him is in several banks. The  
abstract of his property to his  
creditors includes the St. Denis street  
residence, valued at \$20,000; the Tour-  
ouvre county seat and St. Anne de  
Parade, worth between \$15,000 and  
\$20,000, and a property at St. Hyacinthe,  
put down at \$5,000. The step taken by  
the ex-premier involves, of course, his  
resignation as a member of the Legisla-  
ture. A meeting of the creditors is to  
be held on the 16th June.

Canada is to have a large space at the coming World's Fair, and will be entitled to an excellent representation of the countries varied products and industries. We have great manufacturing establishments of every description scattered through the towns and villages of the Dominion, and it should be the duty as well as the privilege of all these industrial concerns to do as far as possible, accept this opportunity of revealing to the world the degree of cheapness, efficiency, durability and usefulness to which our manufactures have risen. The energetic commissioner for the Dominion, Professor Saunders, if Ottawa, should be communicated with and an individual as well as united effort made to have a striking exhibit of industrial development before the immense number of visitors who will next year see the World's Fair and its various evidences of comparative international progress and resources. Canada is not usually behind in these matters, and it is not likely she will be upon this occasion. A good exhibit will demonstrate the falsity of many charges against the N.P.; will prove the progress of Canada in many directions; will "boom" the further development of our industries and resources, and will generally serve to attract attention to the growing position of Canada amongst the countries of the world.

The *Empire* says that although the mortality statistics for 1891, which have just been issued, show a slight decrease in the total number of deaths as compared with the previous year, there are some features of the report that are far from being satisfactory. The total mortality in the thirty cities and towns embraced in the report was 19,491, a rate of 21.48 per thousand of the population as against a rate of 22.14 in 1890. The mortality among children under five years of age accounted for 507 per 1,000 of the total number of deaths. The sad state of affairs thus showing discloses was not by any means evenly distributed over the Dominion, for in the making up of the average the cities and towns of the province of Quebec are conspicuous for their large scores. Hail figures with a death rate among children of 705 per 1,000 of the total; Sorel 644.3; Montreal 625.5; Quebec 596.3; Three Rivers 588.6; and so on. It is satisfactory to observe that the principal cities and towns of Ontario appear in a favorable light in comparison with the centres of population in the other provinces, and, with the exception of Fredrickton, the places claiming the lowest death rate among children are all Ontario towns. They are given in order, Galt 203.6; Belleville 222.2; Kingston 242.1; and St. Thomas 242.8. The deaths caused by diphtheria were more numerous in '91 than '90, but the increase was covered twice over by the city of Quebec. In respect both to diphtheria and typhoid, Toronto has no ground to boast upon, either in these returns or we believe the present year. The causes have been so frequently discussed by the authorities and in the press that it is needless here to enlarge upon them. These two diseases are able to give the city a bad name which no fair place in the general average of mortality can offset.

## UNTRUTHFUL STATEMENTS.

To the Editor of the Times.

SIR,—I wish to call your attention to the untrue statements made in the *Winipeg Free Press* by the local correspondent re the school board. If that gentleman cannot do anything better than send misleading statements week after week to the paper he is supposed to represent, then it is time that some of the citizens who have an interest in the town, which he has not, would open the eyes of the *Free Press* that they may have an opportunity of employing a person who will send reliable correspondence. Any person who to satisfy petty malice sends untruthful communications to that paper should not be employed by any responsible paper.

Mr. Jno. Gordon, ex sergeant of "Z" Division, N. W. M. P., is in town on a short visit, and is staying at the Queen's.

H. J. Starforth has taken possession of the Royal Hotel and is hard at work getting furniture, fixings, etc. in order.

Mr. A. G. Harrison, of Bellevue, Boucher settlement, was in town yesterday on a business trip. Mr. Harrison says crops are looking splendid in that district.

Mr. Geo. W. Baker, our enterprising young citizen, has purchased the stock of the Post Office Bookstore, and intends carrying on the business in the old stand. We wish him success in his new venture.

Major Cotton, Sergt. Parker and Corp. Warren were a fishing party at the bridge on Shell river yesterday, and like true disciples of Isaac Walton brought back a goodly catch of golieyes, perch, etc.

Reports from all parts of the district this week confirm the statement that prospects of a good crop were never better at this season of the year. The recent rains have put the matter beyond all doubt.

The mayor of Stoney Creek was in town this week and is a host of bright expectations for that part of the district. He left again for the Creek yesterday, taking with him some needed supplies and a few more settlers.

A meeting of the Lorne Agricultural Society will be held in the Town Hall on Saturday the 17th day of June next at 2 o'clock p.m., when matters of importance to the Society will be discussed; a full attendance is requested.

By advertisement in another column it will be seen that E. J. Cann, bookseller and stationer, has sold out his business to Geo. W. Baker. We regret very much to hear of Mr. Cann's going away from here, where he will be much missed not only as a business man, but in musical circles, in which he has always taken a prominent part.

On Friday last a case of selling liquor without a license was tried at Duck Lake before H. Mitchell, M.L.A., and Insp. Hunt, J.P. A charge having been preferred by License Inspector Thompson against Mr. Vonne. Mr. Newlands appeared for the defendant, while the inspector prosecuted in person. The case was adjourned till Thursday next.

E. J. Cann will shortly hold an auction sale of all his household furniture and effects. The goods are all new, having been purchased during the past six months. Look out for the posters. His house is also to be rented at a very low figure. The house is new, and heated throughout with hot air. The grounds comprise an acre of land with river frontage, excellent lawn, garden, stable, etc., etc.

On Tuesday evening an open meeting was held by the R. T. of T. in the Methodist Church, and a very pleasant evening was spent by the large audience present. The choir sang several very nice selections. The solo by Miss Hill was loudly encored and the reading by Mr. Buckley was very much enjoyed. Excellent and able addresses were given by the Ven. Archdeacon Geo. McKay and Rev. Mr. Rochester. The order here is steadily growing and is doing an excellent work, and may it continue to do so.

A. L. Robertson has opened out his tailor shop in the Russell block, where he intends carrying a nice selection of cloths etc., necessary for the carrying on of the tailoring business. "Sandy" will be pleased to get a call from any and all of his old customers. Mr. Fraser, the shoemaker, has his workshop at the back end of the same building, where you can get as neat fitting and serviceable a boot or shoe made to order as anywhere in Canada. Prices low in both ends of the house.
